### Parent Tips

If your child attends school every day means that your child won't miss out on learning. Try to schedule appointments and family trips outside school hours. Explain to your child that the only time he/she can be absent is if they are sick or have a family emergency. Let them know how much they will miss, for example his PE class or their reading time.

A friendly reminder to parents and family members dropping off children: Please ensure that your child is on time everyday.

Attendance is very important.
